

\$2 FOR CHANGE

AN OPPORTUNITY TO WORK FOR A FAIRER TASMANIA

Colony 47 is a leading Tasmanian community service organisation operating throughout Tasmania. We work with people who are experiencing a variety of barriers to participation in their community. In particular because of issues relating to employment, training, housing and lack of social and family networks.

We currently deliver specialised services across a number of areas including:

- Housing
- Youth & Family
- Education
- Employment
- Mental Health
- Aboriginal Programs

The range of services offered within these areas include:

1. Employment and training services;
2. Early intervention and education services;
3. Case management, financial assistance, support and information;
4. Recreational, life skills and drop-in services; and
5. Advocacy, negotiation and lobbying.

All services are aimed at assisting individuals in employment, training, career advice and education, reducing homelessness, increasing access to housing support, supporting people with mental health issues, and strengthening and increasing support for families and communities

We have been delivering service to Tasmanians since 1973 and we remain committed to upholding our vision of fairness, compassion, opportunity and community.

Colony 47 began as a drop in centre staffed by volunteers to give the homeless somewhere to go for warm food, a welcome smile and assistance.

It has grown to a \$9m organisation employing approximately 160 people. Hobart and Tasmania has changed a lot since 1973 but as a community we still believe in a fair go and that everyone deserves food and shelter.
