

Life skills & opportunities

Foundation 47 is Colony 47's newly established fundraising foundation.

Foundation 47's mission is to be Tasmania's leading foundation by exceeding the expectations of benefactors who provide their money with the expectation that public good will result, making the Tasmanian community a better place now and for generations to come.

Its inaugural fundraising campaign 47 cents for Foundation 47 is a fundraising partnership between the Hobart Chamber of Commerce and Foundation 47.

Hobart Chamber of Commerce, Executive Officer, Ian McMahon said, "We are incredibly excited to be partnering with Colony 47 in this much needed initiative. We are encouraging all of our members to get on board and support 47c for Foundation 47 as the K&D group of stores and Wursthau Hobart have".

K&D Warehouse and the Wursthau are leading the way by demonstrating how the Hobart business community and their customers can assist vulnerable Tasmanians by donating 47 cents to Foundation 47 when purchasing goods and services at their local store.

These monies raised stay in Tasmania and will:

- Assist by providing a safe and caring environment for young women who are homeless or at risk of homelessness;
- Prevent homelessness by strengthening relationships, building life skills and independence; and
- Manage mental health issues by providing work experience and training, leading to independence and job readiness.

Managing Director of K&D, Peter Geard, said "We hope that by raising funds through our stores we will be able to help Foundation 47 carry out its vital work in areas where it's needed most. We are fortunate that two of our key suppliers: Dulux and Wattyl have agreed to support this cause. For the months of January and February these companies will assist us by matching all monies raised through customer donations."

Foundation 47 was established to promote positive change in Tasmania, socially, economically and environmentally by resourcing a range of community initiatives and to promote the growth of organised philanthropy that enriches the quality of life principally in Tasmania.

Further Foundation 47 activities are planned for 2012 and into the future. Please contact us on 6222 1510 or visit our website at www.colony47.com.au, if you would like your business to participate in 47c for Foundation 47 or if you wish to make a donation.
