Eureka Clubhouse

Eureka Clubhouse is a rehabilitation service which follows the International Clubhouse Model and is run by and for people who have or have had mental health experiences.

You can find friendship, understanding and confidence in a supportive environment, and at the same time develop life and employment skills.

Your participation at Eureka Clubhouse is voluntary with YOU making the decision about when to attend, how long you attend and what area you participate in.

Work focused day

The basis of Eureka Clubhouse is the work focused day. Through this the members are involved in making decisions and planning the day to day running of the Clubhouse.

Work is real and meaningful, because it arises from the actual needs of the members and the Clubhouse.

Work is organised into individual work units, which include:

Administration - Policy development, accounts, budget development, reception and QA

Food Services - Menu planning, meal preparation, budgeting, canteen operation

Gardening, Maintenance and OH&S

Housing Tenancy Support

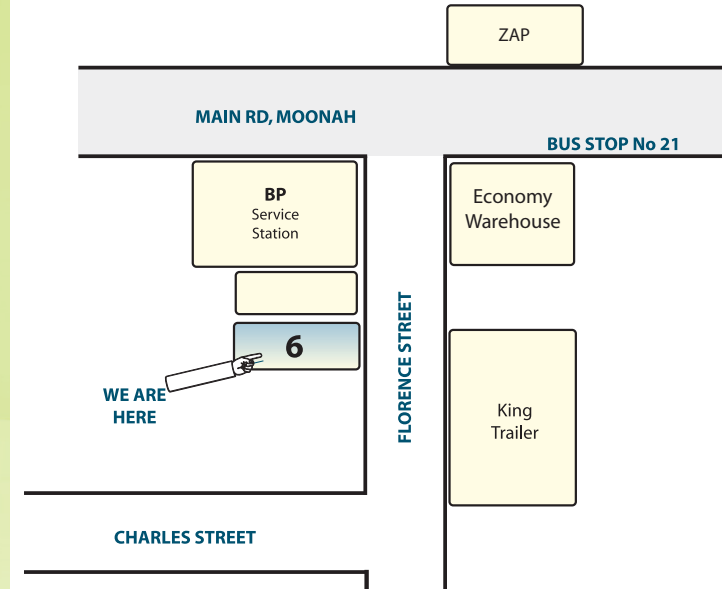

Employment and Training.

Recreational Activities

Eureka Clubhouse provides recreational activities. This is because we work together during the week and socialise together.

We do a wide variety of things which are chosen by the members who take part in the recreation.

Where are we?
